— TONALITY

'To each his own' is a phrase that perfectly defines the colorful character of Tonality. A style that brings vitality and energy to any room through the mixture of textures, colors and materials, such as marbles, cements and ceramic woods.

In recent times, color has taken on a prominence that it did not have before, whether in homes, restaurants or fashion stores. For this reason, Tonality picks up the baton where it was left from our successful Four Seasons collection to expand the range of tones and finishes.

'Para gustos, colores' es la frase que define a la perfección el carácter colorista de Tonality. Un estilo que aporta vitalidad y energía a cualquier estancia a través de la mezcla de texturas, colores y materiales, como mármoles, cementos y maderas cerámicas.

En los últimos tiempos, el color ha tomado un protagonismo que antes no tenía, ya sea en viviendas, restaurantes o tiendas de ropa. Por este motivo, Tonality recoge el testigo de nuestra exitosa colección Four Seasons para ampliar la gama de tonos y de acabados.

— Fortune & Lead

This series invites us to imagine an infinite number of combinations and settings by proposing colors that can be combined with each other. From Fortune, which gives a daring and unique color impact, to the most classic, such as Rouge, an essential and elegant color that brings dynamism and sobriety at the same time.

Tonality is a proposal full of life, designed to respond to your needs and conceived to be a collection with which there is no space that you cannot decorate.

Esta serie nos invita a imaginar infinidad de combinaciones y ambientes proponiendo colores combinables entre sí. Desde el Fortune, que otorga un impacto de color atrevido y único, hasta los más clásicos, como el Rouge, un color presencial y elegante que aporta dinamismo al mismo tiempo que sobriedad.

Tonality es una propuesta llena de vida, pensada para responder a tus necesidades, concebida para ser una colección con la que no exista estancia que no puedas decorar.
